**About *Dance of the Moon*:** *Dance of the Moon* is an epic cross-cultural tour of sacred traditions, rites, symbols and practices that we have used through our long history of honoring and celebrating the life cycles of the Earth. While the book is packed with lore about deities, stories, plants and ritual elements that are sacred to each month of the year, its purpose is to help us reconnect with nature and life's sacred rhythms, find unity in diversity, and affirm the common values of all spiritual traditions.

**About Dan Furst:** Dan Furst has been a professional astrologer for over thirty years. He has written his immensely popular Universal Festival Calendar since 1998 on his Hermes 3 website – <http://www.hermes3.net> -- which *Body and Soul* called "a wonderful site, full of historical and mythological information." He's an internationally-respected authority on rituals and spiritual practices around the world. He has worked as a writer, actor, teacher and ceremonial artist in New York, Hawaii, Japan, India and Egypt, and lives now in Urubamba near Cusco, Peru.
