

Enochian Magick, A 3 Part Series w/ Bill

Angelic magick, commonly known as Enochian Magick, is, on the surface, one of the more complex high magickal systems that exists. However, the premise is a simple one: working with angels. In this three part series, the entire system will be addressed in order to make it easy to understand, and just as importantly, easy to integrate into frequent practice. This series will consist of three classes, held once a week, that will provide a clear foundation and understanding of these concepts. The class "Introduction to Enochian Magick" is the per-requisite for this class, and an understanding of magickal ideas and practices is also helpful.

Class 1: 8/3 The Language. This class will focus on the Enochian alphabet, as well as the grammar and syntax that go hand in hand with using this system.

Class 2: 8/10 The Aethyrs. This class will focus on the layout of the Enochian system, with special emphasis put on the aethyrs that can be useful for scrying.

Class 3: 8/17 The Enochian Tablets and the Tools of the Art. This class will discuss all of the tools that are of value in the Enochian system.

Each class is two hours long, and has an investment of \$25/class. 7-9 pm
