Intro into Enochian Magick w/Bill

Enochian magick is the magick of talking to angels. In this class, three distinct aspects of Enochian magick will be looked at, as well as a brief history of where it comes from, and theories as to its origin. There have been many books written on the subject over the years, but in this class everything will be broken down into digestible pieces that can be looked at more easily. By attending this class, students will also take part in a scrying of one of the aethyrs, also known as a realm of the landscape of the angels. **THIS CLASS IS A PREREQUISITE FOR BILL'S 3-PART ENOCHIAN MAGICK SERIES. 7 – 9 pm, \$25.**

Tuesday, June 5

Intro to Theosophy w/ Bill

What is Theosophy? The core meaning of the word is Divine Wisdom. In the 1600's it was a word used to describe the wisdom of divine things acquired through mystical studies. In 1875, Madame Blavatsky built on this idea as she gathered ancient wisdom and modern ideas together to found the Theosophical Society. This international organization had a huge impact on astrology, Western spirituality and Western culture. **7 – 9 pm, \$25.**

When used properly, the tarot can be quite the potent magical tool, and yet most people only use it for divination. In fact, it's a highly portable fully functioning temple. In this two-hour class, we will look at different techniques we can use with a tarot deck, and whether or not there are limitations.
